Details of planned work

Type of publication Paper/article Report PhD
 Other, which:

Working title of the publication Anomie and adolescent adjustment

Research question(s) The main objective of the paper is to fully document the anomie scale that I have developed and has been included in the ESPAD questionnaire in several countries over the past 12 years

Variables to be included in the analysis The main emphasis of the analysis is on the analysis of c3a c3b c3c c3d c3e c3f. However, to show the properties of this scale I will also present statistical relations of anomie with substance use and other types of problem behaviour.

¹⁾ This can only be a Principal Investigator or a Chair of an ESPAD Thematic group. When the application is approved the Principal Investigator/Chair of a Thematic group has to sign an agreement that the delivered dataset only will be used for the applied project and that all use of the dataset will be done according to the rules in the document "Rules for the use of ESPAD databases".

²⁾ The meaning of the levels can be found in the document "Rules for use of ESPAD databases".
